HELP BRING 
DISC GOLF
TO OUR COMMUNITY!

Eastend, SK

What is Disc Golf?

Disc golf is a fun, affordable outdoor sport that is enjoyed by people of all ages and skill levels. Like traditional golf, the objective is to complete each hole in the fewest throws possible—but instead of clubs and balls, players throw specially designed discs into metal baskets.

Disc golf promotes healthy, active lifestyle, encourages people to explore the outdoors, and provides an inclusive recreational activity for families, youth, and visitors alike.

Our Vision

We're raising funds to build a 6-hole beginner-friendly disc golf course as the first phase of an exciting community project.

This initial course will provide an accessible place for people to learn and enjoy the sport while laying the foundation for future growth.

Our long-term goal is to expand the course into a full 18-hole championship-quality destination that will attract players from across the region, support local tourism, and create lasting recreational opportunities for our community.

Why Your Support Matters

Disc golf baskets and tee signs

Tee pad construction

Course design and installation

Trail and park improvements

Future expansion from 6 to 18 holes

Every contribution, big or small, brings us one step closer to creating a recreational space that our community can enjoy for years to come.
